

## **Health and Social Care Partnership - Recruitment of Public and Carer Representatives**

### **Can you help?**

Are you or have you been an unpaid carer? Do you use health and/or social care services? Could you help to represent others?

Aberdeenshire Health and Social Care Partnership have a responsibility for adult health and social care services across Aberdeenshire. Our Integration Joint Board and Strategic Planning Group are responsible for monitoring service delivery and making decisions about the way in which services are delivered.

We are currently looking to recruit representative carers and users of health and social care services as stakeholder members on both these groups. Stakeholder members represent the perspectives of particular groups of people to ensure their needs and interests are considered in decision making.

This is a great opportunity to use your skills and experience to help your community and contribute to your personal and professional development. Full training will be given and expenses are covered.

If you are interested, please visit <https://aberdeenshire.gov.uk/social-care-and-health/ahscp/> or give call on 01467530795 to find out more.

Information on expressing your interest is available on our website or can be sent on request. Expressions of interest must be received by 31<sup>st</sup> October in order to be considered.

Thank you

Laura Buchan
